

# School Report

The school report delineates the great leaps made in the previous years. It is a well-known fact that the previous year has been a period of grate challenges. The Covid-19 pandemic might have put to halt many activities in every field but it did not deter the spirit or zeal of either the teachers or the students. In fact, it opened up new ventures for all. Although, the previous year did not promise a variety of activities, yet the participation, achievements and accomplishments of the students maintained the lusture and sheen.

Keeping the tradition alive our school's board results have been exceptionally excellent this year as well.

It's a matter of great pride to share that an alumni of DAV PUBLIC SCHOOL KURUKSHETRA ABHINAV MOUDGIL is awarded a special prestigious Canadian fellowship for pursuing Ph.D. in Computer Science with a focus on Artificial Intelligence (AI) / Deep Learning @ Montreal Institute for Learning Algorithms (MILA), Montreal, Canada.

Before this, he had been working as a Research Scientist @ Georgia Tech, Atlanta in the United States (US).

He also pursued research internships in Machine Learning at Stanford University (US) and University of California, San Diego (US) during his masters.

Now these are the high fliers who have set an admiring benchmark for others to imitate by getting admissions in prestigious institutions.

We are human. We are not perfect.

We are alive. We try things.

We make mistakes. We Stumble.

We fall. We get hurt.

We rise again. We try again.

We keep learning. We keep growing.

And...we are thankful for this priceless opportunity called life.
