Name: ______________  Class & Sec. ________________  Rno. _________________

Answer the following questions in one word/one line:

Q1. Write any two uses of tongue.
   Ans. ________________________________ and ____________ __________.

Q2. Name the gland that secretes saliva.
   Ans. ________________________________________________________________________________________

Q3. Absorption of water takes place in which part of the digestive system?
   Ans. ________________________________________________________________________________________

Q4. Complete the following food path:

   MOUTH
   ↓
   STOMACH
   ↓
   RECTUM

Q5. Which type of teeth are present in front of the mouth?
   Ans. ________________________________________________________________________________________

Q6. Name the largest organ of our body.
   Ans. ________________________________________________________________________________________

Q7. Name four types of taste buds present on our tongue.
   Ans. ________________________________________________________________________________________

Q8. Name any two internal organs.
   Ans. ________________________________________________________________________________________

Q9. Which part of a plant helps in soil conservation?
   Ans. ________________________________________________________________________________________

Q10. Name any two roots having tap roots.
    Ans. ________________________________________________________________________________________

Q11. Name any two roots that store food in them.
    Ans. ________________________________________________________________________________________

Q12. Write the name of a plant having breathing roots.
    Ans. ________________________________________________________________________________________

Q13. Write the name of a plant which supports it and keeps it upright.
    Ans. ________________________________________________________________________________________
Q14. Draw a diagram of tongue and label different types of taste buds.
Q15. Draw a well labeled diagram of human digestive system and label it.
1. The greatest single digit number is ________________.
2. The place value of 7 in 6709 is ________________.
3. The smallest 3-digit number is ________________.
4. The expanded form of 65,011 is ________________.
5. The predecessor of 100049 is ________________.
6. The successor of the smallest 6-digit number is ________________.
7. Five lakhs is equal to ________________ thousands.
8. The next number in the series 86529, 86629, 86729 is ________________.
9. Write the number represented on the spike abacus in words.

```
T  Th  H  T  O
```

10. One lakh is a ________________ digit number.
11. The place value of ‘0’ in 6408 is ________________.
12. 60000 + 600 + 6 is expressed as ________________.
13. The difference between two numbers is 4,937. If the greater number is 30,451. What is the smaller number.

14. ________________ - 1 = 9999
15. 3209 – 1102 + 2596 = ________________
16. 2 thousands – 5 hundreds = ________________
17. 9,056 + 2,058 = 2,058 + ________________
18. A man earns ₹ 7,250 in a month and spends ₹ 6,088. How much does he save?
19. What is $809 + 99 = \underline{\hspace{2cm}}$.

20. $\underline{\hspace{2cm}} - 4409 = 72352$

21. The numbers that are added are called ________.

22. $0 + 80053 = \underline{\hspace{2cm}}$

23. $4895 \times \underline{\hspace{2cm}} = 0$

24. $100 \times 1000 \times \underline{\hspace{2cm}} = 100000$

25. $6845 \times 1 = \underline{\hspace{2cm}}$

26. $16950 \times 0 = \underline{\hspace{2cm}}$

27. The cost of a bicycle is ₹650. Find the cost of 8 bicycles.

28. What is 8 hundreds plus fifteen tens? ______________

29. Multiplication is repeated ____________________ ________________.

30. The product of any number with zero is ____________________.

31. 100 more than 4956 is ________________ ________________.

32. The largest 4-digit number with 0 in the tens place is ____________.

33. Fill in the boxes:
   (a) $24+24+24+24+24=\underline{\hspace{2cm}} \times 24$
   (b) $39+39+39+39+39+39=\underline{\hspace{2cm}} \times 39$
   (c) $\underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} = \underline{\hspace{2cm}} \times 164$

34. Complete this table:

<table>
<thead>
<tr>
<th>Multiplicand</th>
<th>26</th>
<th>30</th>
<th>28</th>
<th>31</th>
<th>29</th>
</tr>
</thead>
<tbody>
<tr>
<td>Multiplier</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>

</tbody>
</table>

35. Solve:
   (a) $8 \underline{\hspace{2cm}} 2 \underline{\hspace{2cm}}$
   
   $- 3 \underline{\hspace{2cm}} 4 \underline{\hspace{2cm}} 5 \underline{\hspace{2cm}} 5$
   
   $5 \underline{\hspace{2cm}} 2 \underline{\hspace{2cm}} 8$

   (b) $4 \underline{\hspace{2cm}} 8 \underline{\hspace{2cm}} 2 \underline{\hspace{2cm}}$
   
   $+ 2 \underline{\hspace{2cm}} 1 \underline{\hspace{2cm}} 6$
   
   $6 \underline{\hspace{2cm}} 8 \underline{\hspace{2cm}} 8$
36. The smallest number that can be formed using 3, 2, 9 and 6 is ______.

37. The number formed using 2 thousands, 7 hundreds, 5 tens and 3 ones is ________________.

38. There are 4225 people in an enclosed section. If 1320 of these people are wearing hats, how many people are without hats?

39. There are 6240 floodlights in the stadium. 256 floodlights have fused bulbs. How many floodlights are in working condition?

40. Cost of 1 chocolate is ₹ 55. Find the cost of 12 chocolates?
Q1. Who are Foster Children?
Ans: __________________________________________________________
______________________________________________________________
______________________________________________________________
______________________________________________________________
Q2. Name the first school where the child learns the Do’s and the Don’t of the society?
Ans: __________________________________________________________
Q3. Define Joint Family.
Ans: __________________________________________________________
______________________________________________________________
______________________________________________________________
______________________________________________________________
Q4. Define Nuclear Family.
Ans: __________________________________________________________
______________________________________________________________
______________________________________________________________
______________________________________________________________
Q5. What is society?
Ans: __________________________________________________________
______________________________________________________________
______________________________________________________________
______________________________________________________________
Q6. Write any two habits that you have learnt from your friends.
Ans: __________________________________________________________
______________________________________________________________
______________________________________________________________
______________________________________________________________
Q7. Write three qualities which helps to develop sensitivity towards other?
Ans: __________________________________________________________
______________________________________________________________
______________________________________________________________
______________________________________________________________
Q8. Which calender do Parsis follow?
Ans: __________________________________________________________
Q9. What was the theme of Inter house celebration?
Ans: __________________________________________________________
Q10. What were recited from the Guru Granth Sahib in Sikh wedding?
Ans: __________________________________________________________
Q11. What is another name of fire temple?
Ans: ______________________________________________

Q12. Name the states of South India who celebrate Navratri as Bommai Kolu.
Ans: ______________________________________________

Q13. Name any two Hindu wedding rituals?
Ans: ______________________________________________
___________________________________________________
___________________________________________________

Ans: ______________________________________________
Identify the festival:

1. _______________________
2. _______________________
3. _______________________
4. _______________________
Choose the correct option:

1. Which of the following is not a part of digestive system.
   (a) Stomach    (b) Lungs    (c) Food Pipe    (d) Large Intestine

2. Flat teeth are also known as
   (a) Canines   (b) Molars   (c) Incisors   (d) Pre-molars

3. The white outer covering of teeth is called
   (a) Enamel   (b) Pancreas   (c) Molars   (d) Calcium

4. Digestion of food begins in
   (a) Small Intestine   (b) Large Intestine   (c) Rectum   (d) Mouth

5. It is the largest gland of our body
   (a) Liver   (b) Lungs   (c) Pancreas   (d) Food Pipe

6. It produces more digestive juices when food enters in small intestine
   (a) Tongue   (b) Salivary glands   (c) Food Pipe   (d) Pancreas

7. Bile juice is secreted by
   (a) Liver   (b) Small Intestine   (c) Stomach   (d) Large Intestine

8. It is present in our stomach to kill germs
   (a) Bile   (b) Acid   (c) Alcohol   (d) Juice

9. Length of small intestine and large intestine are
   (a) 5m,7m   (b) 2m,7m   (c) 7m,1.5m   (d) 3m,3m

10. A person suffering from diarrhea and vomiting should be given (cooled) boiled water containing
    (a) Sugar and Salt   (b) Glucose and lemon   (c) Medicine and Sugar   (d) None of these

11. Which of the following is located in our chest?
    (a) Heart   (b) Kidneys   (c) Small Intestine   (d) Stomach

12. Digested food is absorbed by blood in
    (a) Stomach   (b) Small Intestine   (c) Lungs   (d) Heart

13. Which organ of human body acts as a control centre?
    (a) Brain   (b) Heart   (c) Feet   (d) Stomach

14. Arthritis is a disease related to
    (a) Lungs   (b) Joints   (c) Stomach   (d) Eyes
1. Choose the correct option:

(i). What is the place value of 7 in 370981.
   (a) 700  (b) 70000  (c) 70  (d) 7000

(ii). The sum of place values of 5 in 75251 is
   (a) 5000  (b) 5005  (c) 5550  (d) 5050

(iii). Which of the following is greatest ?
   (a) 4836  (b) 5000  (c) 4900  (d) 7859

2. Write the largest 5 digit number:

3. Write the smallest 7 digit number:

4. Write the number name for:
   (a) 4,37,891 =
   (b) 2,22,251 =

5. Write down the greatest 6- digits number and smallest 5-digits number. Find their sum.

6. What is the period and place of 7 in 3,47,015?
   Period = _______________ Place = __________

7. Form the smallest numeral using each one of these digits only once. 4,0,3,2,9,1

8. Compare the place value of 9 543
9. What is one more than 999.

10. Fun with Maths:
I’m a 4-digit number. The digit in the ten’s place is 2 times the digit in the ones place.
The digit in the hundreds place is 2 times the digit in the tens place.
The digit in the thousands place is 2 times the digit in the hundreds place.
I am_________________________.
